“ My fondest memories of my Grandmother are the times we spent in Laurens, Manson, Adel, and Fort Dodge! She moved around quite a bit in her day, but never had any trouble meeting new friends! I admired that about her and her ability to just Love on others. I don't think she ever had an enemy! I loved going to her house and visiting with the guests she would have over for a visit. I loved going to church with her and the way she taught me to love everyone and stick by your family no matter what!

Grandma loved her grandchildren and great grandchildren! When we were young she would take us to have a cheeseburger, malt, and fries! For breakfast she would always have sweet rolls and sunny side up eggs and toast. That was Grandpa Lloyd's favorite!

Jumping ahead several years, she always wanted to know about what the great grandchildren were doing and when we could come visit. You could tell her heart was happy when they were around her. We all enjoyed playing cards (usually 500, Kings corner, or trash) or rummy cube or scrabble.

In her last days, I came for a visit to Ohio and she, with very little strength, was sure to tell me “she loved me so much”. She wanted all of her family to know that beyond any doubt every time we talked to her.

Grandma appreciated the extensive care Gary and Marlys gave her in her last few years. Gary serving her brunch with coffee every morning and Marlys who always kept her hair beautiful and took her on shopping trips to freshen up her wardrobe, keeping her stylish.

When I was there during her last days, though Marlys, Gary and I were unsure she'd become aware of anything again... when Marita came she opened her eyes again, she ate and drank again, and even said a few words again. Just for the next few days while she visited. When Mom went back to Iowa she slipped away. I know she adored my Mom. She lit up when we said, “Marita is coming!”

I love my Grandma So Much! I love the Incredible faith she had and her love for Jesus. I loved when she sang to me “Jesus loves me”, when I was a little girl! Grandma will be missed by me and everyone who knew her. Until we meet again, Grandma!

“ Hello one and all. This is Margueritte's grandson, Adam S. Wile. I have to say I have many fond memories of my grandmother. Though it is hard to put my thoughts on paper (or the internet as this case may be) I feel it only proper to do so for my grandmother has had a profound effect on my life.

She was a wonderful, and very talented woman, though she would never let you believe this to be true. My grandmother really was the one that got me started in art... something I treasure very much. She would always draw a very simple figure of a woman's face using a curly bracket or brace ({}) then adding features to it like eyes and hair. It was grandma that really got me interested in drawing just because of these simple drawings she made.

Not only was my grandmother talented in these very simple art drawings but she was always supporting me with everything I ever did. Even when others did not believe in me, my grandmother did. I am sure she probably didn't agree with all of my choices in life, but she didn't have to, for she knew if it was meant to be things would work out for the best.

I had spent many summers with my grandmother throughout my tender years of life. I grew up with many of the same values as she had because of this. My grandmother had a very strong belief in God and a wonderful personality in which shined the Light of God through all of the lives she touched. She is going to be missed by all. Especially me. I love you grandma, and I always will. We shall meet again sometime in the future, in heaven where I know you are. You had a wonderful life and raised a well rounded family that will carry your memory for eternity. Rest well.

Your Loving Grandson,
Adam Shane Wile
