“ Chad lived 4 doors down and across the street from me during our school years. He was one of the first people I met in Iowa after moving here the summer between my 3rd and 4th grade, his 5th and 6th. I remember riding bikes with him in the evenings some of those first nights and talking. We didn't hang out much after that summer, he was 2 years older and had a different outlook on life, but he didn't give me any problems and I can't say that about too many of the other kids in the old hood...lol My families hearts go out to Tonya, the kids and the family, he was in the prime of his life and went too young but it just goes to show we don't know when our time will be up so try to stay ready spiritually and that can be challenging! See you in the end old friend.
