“ Just want to express my condolences to Diane's family. I know how much she loved all of you and that you were her reason to exist. We knew each other for a long time and had many good talks over the years. She was very loving and caring to my four kids when they were little and over the years. I visited her in the nursing home and I feel I said my good-byes to her then. I will always remember her as a beautiful individual, inside and out. And I know she's already with her deceased loved ones. May God give all of you the strength to go on with happy memories of her life.

“ *Lots of memories of Diane,I did get hair for a few years and always was a perfectionist fixing her own. She shared many stories and we had a ton of laughs! Diane would brighten a room with her smile and spunkyness.I always looked forward to her coming in,she was a great friend above being my client.*

One night around 10:30 pm she phoned me and asked what I was doing,i said well in bed sleeping. She was very upset,she had colored her hair and it was really dark! I told her to come in salon the next day and we would fix it,that it would be ok. We ended up laughing of course as we did many times later when it was brought up..haha. Reading past messages from Facebook, shortly after she had first been diagnosed,she said she had lost her spark and I would have carry on that spark. Well Diane...you still had the spark and I will try to carry on. I will miss you very much my friend, I hope you and your son can go visit your music idol Elvis!! Until we meet again..love you, Lisa Goodman
