“ Ellen was a very amazing and incredible person. Right away I felt like I had known her all my life. She had a great sense of humor and always said something quirky at the right time. I looked forward to seeing her smiling face at work every day, she will be solely missed and I'll never forget her and her free spirit and laughter. Love and Prayers.

“ Even though we only knew each other for two years, I felt like Ellen was like my older sister. She was always ready to discuss everything from Star Wars to boyfriend troubles, and I knew that I could always count on her. My dad and I don't always get along, and she always kept her home open to me when we were arguing. She was my first friend in West Palm Beach, and she'll still be with me whenever I watch a Star Wars movie, read a comic book, see the Smurfs, listen to Phish or do any of her most favorite things. I love you Ellen,
