“ Someone left out that she made the most awesome chocolate pie! Whenever she brought it to the family dinners, we kids would rush into the house and grab a piece and hide it somewhere where no one would find it so we could have it for dessert. I also have fond memories of when Joanne would babysit us when I was in kindergarten. She and Clayton took us fishing and I caught the tiniest fish and was so proud of it! That is the one and only fish I ever caught in my lifetime. Joanne was also very generous with her time and talents. She made us everything from ponchos to ceramic creations. When we were young, she would have us stay overnight so the Will kids could grow up knowing their cousins better. Good times! We'll miss you Joanne but know that as we're saying goodbye, our loving family who have already passed are welcoming you with open arms. I won't say goodbye, I'll just say "see you later".
Love, Angie
