“ *I'm really going to miss Kathleen, she was such a wonderful woman. She always loved to talk about her farm and how she was a school teacher. One of my favorite memories of her is how she would always tell me I was holding my pen wrong. She used to have so much fun trying to teach me how to hold it the correct way. She really loved to teach people new things, she has touched many lives and will never be forgotten. Prayers to your family as your going through this tough time.*
