“ Nicole was my physical therapist in Phoenix for a shoulder injury in 2024. I recently re-injured it and went to schedule PT with her but was shocked to learn of her passing. I am so sad but have memories of a vibrant, positive and healing soul who entered my life just when I needed her most. We talked of our mutual love of animals and she made me laugh with her wonderful sense of humor. She had a beautiful heart and she was a God given angel in my life.

“ While Nicole and I never met in person, I admired her deeply. Her love and dedication to animals was inspiring. So much time spent caring for animals in need... I always enjoyed seeing her posts on IG. I've wondered where she went over the past year and am heartbroken to discover that she has passed. I just know that Nicole was welcomed to Heaven by so many animals, including my Fred. Prayers to Nicole's family and friends.

“ *I met Nicole when she was saving a colony of cats, the time she rescued Purdy. Although we never hung out, she fast became one of my favorite humans. We communicated through social media, and I wish so much that I had known she was hurting. Nicole, I hope you know how very much you meant to me and I can only imagine how many countless others. Your friends and coworkers who adopted Tater, Toola, Savvy, Rosie, and Mojo are angels on Earth.*

“ I just found out and am heart broken for your loss and this world’s loss. Nicole was my roommate at ISU once upon a time and while we didn’t see each other, loved seeing here life on Facebook and faithfully getting a birthday message each year. I will truly miss that . I pray for all who will miss her.

“ *I was a PT patient of Nicoles. She is well known in the Ortho community for being a very good physical therapist, I can attest to that. She was always happy to help me with questions as well as my treatments. I was very sad to hear that she passed. She will be missed.*

“ Nicole helped me adopt a senior pomeranian (9 years ago) and we became friends meeting up at dog rescue events. This is a shame. Nicole was a beautiful, selfless, and caring for all animals person that we need more of in this world. I'm so sorry for whatever she was going through. I wish she knew how cherished she was. Her fur babies were her world. She will be missed so much especially the rescue dogs she helped by loving them over lunch. The world lost a wonderful person I'm so sad and will miss her.

“ Nicole was one of my first mentors out of PTA school. We worked
weekends together at the nursing home. She quickly became my
first friend in AZ and we shared so many fun memories together.
She was one of my closest friends. She was so witty and smart and
fun. She was so kind and loving especially to animals and kids. We
had been through so much during our 22 year friendship and I will
miss her so so much. Sending so much love and prayers to her
family. In love,
Jessica

“ Nicole was the reason I found my confidence again after my Achilles injury. We stayed in touch even after our sessions ended. She once told me I was her best Achilles repair — a compliment that meant the world to me. Nicole was kind and always went above and beyond for her patients. I am deeply sorry for your loss. I'm sending all my strength to her family, friends, fellow patients, coworkers, and her beloved pets.

Nicole was my therapist after 3 shoulder, elbow and hamstring surgeries. Her beautiful and sincere smile always helped me through our sessions. We shared the love of animals (I volunteer with wildlife). She would call me when there was an injured bird to be rescued. I am so sorry for your loss. I'm sending you and everyone who knew her the strength and time to move through the process.
